Said one member of the French press core, "*Oh he's clean alright.*" "*That much we know.*" "*We just don't think he's human.*" The media continues to recycle controversial claims despite numerous DNA test results showing that he does in deed test positive - for human. "Why can't they just let it go" said one fan as she giggled knowingly.

### **Last Time Trial of Historic Rebirth Season! – TT Monday – Sept. 11<sup>th</sup>, 06**

This coming Monday will mark the final Time Trial of the 06 cycling season. Cycling athletes were full of praise and gratitude for Brad Brown of Oshkosh Cyclery for staging the events! Said Brown of the historic season that saw it's first time trials in Oshkosh since 1986, "*Things went pretty smoothly most weeks. If Kienert stays injured, they'll probably stay that way.*" Tonya Harding style assailant conspiracies were rumored but then quickly dismissed, as absurd and needless. "*He'll fall apart on his own accord*" said one athlete. "*If he takes up another dangerous winter sport, like walking, he's lost.*"

### **State of the Oshkosh Cycling Club Address – 2006 -**

In a nut shell, the Oshkosh Cycling Club is doing well, but we have a long way to go. The mission of creating more cycling events, opportunities, and programs, for the people of the Oshkosh Cycling Community is progressing nicely. We do have some things to be proud of. We did have some impressive accomplishment, but massive potential is still largely unrealized. The Oshkosh cycling community is still a sleeping giant. If you want

a more detailed time line of how we have evolved, and what we have accomplished, so far (or if you struggle with insomnia) go to "Ride Info" then click State of Club Message.

### **Le Tour De Max? Will it happen? Does it make rain?**

I don't think it has rained since we tried Le Tour de Max in late July. On that day it hadn't rained for weeks either. What are the odds? Does this event really make it rain? Well, I don't care if it floods on September 23<sup>rd</sup>, I'm riding my bike! And no one can stop me! Not even the all powerful Anne can stop me! Well OK, but that's all, nothing else, just Anne, but then I'd still go in my car! For details on "Le Tour de Max" go to Events Page then Click Le Tour de Max. Then click "Who's with me"?

Newsy Bonks! Fatigued Newsboy Stops Presses! Film...? No Film

"I just can't go on" said the marathon newsletter writer. "There's just too much news". The would-be reporter was whisked away to milk and cookie land after EMT's pulled his

head from the monitor. Said one on looker “What a bunch of crap” as he read the unfinished newsletter.
